

PAX and ALL IN PAY Team Up again for Smart Payment Terminals

(PRC and Hong Kong, 27th March 2018) **PAX Global Technology Limited** (HKSE stock code: 00327.HK), one of the world's leading electronic payment terminal solutions providers, is delighted to announce that the Company has won the bid to supply ALL IN PAY with its brand new Android lines and traditional products as part of a major upgrade to meet their extensive business needs.

PAX will provide its full range of product portfolio including countertop S800, S78, S60, S500, mobile terminals S90 & D210, PINpad S300, SP20 V4, Smart POS A920, A930, Smart card Terminals T610, & T620, QR code contactless devices QR55, QR65 and Integrate Smart ECR E500, E800.

This year ALL IN PAY chooses PAX's revolutionary Android A-series and E-series, an all-in one solution, which enable merchants to offer an omni-channel payment experience and as a platform for offering new value-added services. In fact, PAX's QR code contactless devices are intentionally designed for China market, supporting different communication methods to fit various application scenarios. The dual function of active and passive scanning could promote transaction efficiency, and the adoption of dynamic QR code could further enhance transaction security.

Mr. Yongqiang Qi, Vice President at PAX, concluded, "We are very delighted to cooperate with ALL IN PAY again and offer the latest models like A920, A930, E500 and E800 which are the best-in-class Android Smart Terminals. The demand for our smart devices is growing in the Chinese market. Through the cooperation with ALL IN PAY, PAX will continue to strengthen its market share and the leading position in the domestic market."
