

## CCV Launches PAX's New Gen Android Smart Terminals at EuroCIS 2018

(PRC and Hong Kong, 28<sup>th</sup> March 2018) **PAX Global Technology Limited** (HKSE stock code: 00327.HK), one of the world's leading electronic payment terminals solutions providers, together with its channel partner CCV, recently showcased PAX's new generation of Android based Smart POS terminals and Smart ECR systems at EuroCIS 2018 in Dusseldorf, Germany.

PAX's A920 was specially highlighted as a top product during the event. A920 is a smart solution that not only includes the payment application in the terminal, but also enables other applications such as loyalty management or additional applications via open Android system and CCV-owned Appstore.

CCV also showcased a range of PAX based solutions, including the Integrated Retail smart PINpad S300, Mobile S920, Smart PINpad Q30, and the stylish Mini POS D220.

**Mr. Reinhard Blum, CEO at CCV Germany**, said, "We are very happy to work with the company with strong R&D capacity like PAX. The partnership brings us the most innovative solutions and additional value-added services to reshape our retail acquiring

business.”

**Andrew Wu, Vice President at PAX**, concluded, “We are very delighted to see our Android portfolio generating huge interests from the European visitors and we believe that PAX and CCV will work closely to lead the future of payment together.”
