

## **PAX's Android point of sale solutions coming to Paris Retail Week**

(PRC and Hong Kong, 28<sup>th</sup> August 2018) **PAX Global Technology Limited** (HKSE stock code: 00327.HK), one of the world's leading electronic payment terminals solutions providers, will showcase Android and other innovative payment devices at Paris Retail Week on September 10th 2018.

PAX France Novelpay Sas will showcase the fashionable A-series terminals which, unlike traditional POS terminals commonly deployed in France, will allow payment service providers to manage their own independent appstore marketplace, where French merchants can download their favourite apps and design the ideal payment solution to offer customers.

Other new solutions for the French market include the all-in-one integrated E-series range, modern EPOS terminals with inbuilt payment and Android based cloud solutions, which will help French retailers increase sales and offer consumers a cooler shopping experience. PAX will also be exhibiting, for the first time in France, the new IM-series of unattended payment terminals, the latest self-service industry solutions for petroleum forecourts, vending machines, ticketing and parking.

Paris Retail Week 2018 will be held on September 10-12 at the Paris Expo Porte de Versailles.
